

Fibre Optic Cleaner LC/MU/SC/ST/FC

L1-OCC-XX

PRODUCT DESCRIPTION:

Layer 1 1.25mm/2.5mm Combo Optical Fibre Clean Pen set is designed to clean female LC/MU/SC/ST/FC connectors.

This tool's single action operation quickly cleans the ferrule end faces removing dust, oil, and other debris without nicking or scratching the end face.

This optical cleaning pen is specially designed to clean the APC and UPC connector.

The operation of this cleaning pen is easy and exact. Every time the Pen is clicked the inner cleaner is cycled insuring a fresh clean every time offering 800+ uses.
